Improving your Campdraft Performance

SOME of the best campdrafters in Australia are now just a click away since the launch of Campdraft Training Online (CTO).

Categories include Cattle Picking, Horse Work, Yard Work, Training Aids, Problem Horses, Judging, Competition Mindset and more.

Ben Rossiter, developer of the website, said he saw how campdrafters could benefit from a web page which enables you to stream training videos via the web.

"When I was training a horse for the snafflebit futurity I realised the benefit of being able to access online training content and I thought a similar type of site for campdrafting would be ideal," said Mr Rossiter.

"Campdrafting is my passion and I want to know more about what it takes to be a successful competitor and trainer. The site is designed to help all campdrafters regardless of age and experience," he said.

The site has a series of videos that can be viewed by category and trainers such as ***Rob Leach, Ben Tapp, Codie Law and Tim McCarthy.*** *New features will be incorporated as the site develops. We want this site to reflect the needs of the industry so if you have ideas please visit the site and click on the Team CTO tab.*

"The site is designed to help all campdrafters regardless of age & experience. With the support of campdrafters we seek to create a diverse library of training videos from successful competitors across the country"

CHAPTER ONE — PRELIMINARY

1. (a) A vendor is bound by these terms and conditions by offering livestock for sale by auction.
(b) An agent (which includes an auctioneer) is bound by these terms and conditions by conducting an auction sale.
(c) A buyer is bound by these terms and conditions by bidding at auction.

2. (a) In these terms the expression auctioneer, agent, buyer and vendor respectively includes the servants, contractors, and agents of each of them. The auctioneer, agent, buyer and vendor shall be wholly responsible for the acts and omissions of their respective servants, contractors and agents. The term "auctioneer" includes, so far as the law and context permits, the vendor's agent.

(b) When used in these terms, the expressions "companion animals" means all animals originating from the same property on a particular day. Where lots are split and sent to multiple establishments, then all of these animals shall be regarded as companions.

3. The following applies in interpreting these terms and conditions:
(a) The following words have the following meanings:
Fees means all levies, charges, fees, costs and other expenses incurred or relating to these terms and conditions and the sale and purchase of livestock including without limitation, transaction levies, yard and weigh dues, cartage, advertising and rebates, and whether paid for, or incurred, by the agent; Livestock means animals auctioned pursuant to these terms and conditions; and Price means the amount at which the lot has been sold to the buyer referred to in Clause 7 of these terms and conditions.
    (i) plus any Fees and other expenses incurred in relation to the purchase of livestock that are payable by the buyer; and
    (ii) plus any GST added in accordance with Clause 12.
(b) These terms and conditions are subject to legislation or regulation in the State in which the auction is conducted and in the event of any conflict then the legislation or regulation will prevail. The provisions of these terms and conditions are in addition to, and do not derogate from, the duties and rights of vendors, agents and buyers set out in legislation and regulation in the State in which the auction is conducted.

CHAPTER TWO — STANDARD TERMS OF SALE

4. Subject to any reserve price, and to the right, prior to the fall of the hammer, of the vendor to withdraw any lot without declaring the reserve, the highest bidder shall be the buyer.

5. The auctioneer has the right to bid on the behalf of the vendor provided that right is notified prior to the commencement of the sale and is subject to State law.

6. A bid cannot be made or accepted after the fall of the hammer unless, in accordance with Clause 8, the auctioneer decides to put the lot up again.

7. The last price called by the auctioneer at the fall of the hammer shall be the amount at which the lot has been sold.

8. In the event of a disputed bid, the auctioneer is the sole arbitrator of the successful bidder or the auctioneer may decide to put the lot up again. The auctioneer's decision is final.

9. The auctioneer may refuse to accept any bid which, in the auctioneer's opinion, is not in the best interest of the vendor and need not give reasons for doing so.

10. A bidder shall be deemed to be a principal unless, prior to bidding, the bidder has given to the auctioneer a copy of written authority to bid for, or on behalf of another person.

11. The successful bidder at a livestock auction sale must give to the auctioneer at the fall of the hammer:
    (a) the purchaser's name; or
    (b) the bid card number which identifies the purchaser; or
    (c) the name of the person on whose behalf the successful bid was made; and
    (d) the Property Identification Code (known as the "PIC") of destination.

12. The auction shall be conducted on the basis that the bid price shall be exclusive of Good and Services Tax (GST). GST shall be added after the fall of the hammer for those sales subject to GST.

13. As soon as practicable after the fall of the hammer, the buyer shall if requested by the agent, sign the agreement for sale.

14. If a buyer does not comply with any of these terms and conditions, which includes the requirements of State law, any livestock knocked down to that buyer may be re-sold by public auction or private contract in whatever lots and manner the auctioneer decides. The re-sale may be with or without notice and shall be at the buyer's risk. The buyer is responsible for all loss and expense arising out of a re-sale and is not entitled to any resulting profit.

15. The buyer of livestock must pay the agent the full amount of the purchase price in immediate funds on receipt of a tax invoice. Payment is required prior to delivery unless some other time for payment is specified in a written agreement between the buyer and the auctioneer that was made before the fall of the hammer. If, before delivery, payment has not been made then Clauses 20 to 23 apply.

16. No person may bid unless, prior to the commencement of the sale, that person has made arrangements satisfactory to the auctioneer for payment for livestock purchased. If bids in breach of this condition are inadvertently accepted, delivery shall not be given until the purchase money is paid and any law, rule or practice to the contrary is accordingly negatived as far as possible.

17. (a) Cattle sold on a liveweight basis that are weighed pre-sale are at the risk and expense of the buyer upon the fall of the hammer.
(b) Cattle sold on a liveweight basis that are weighed post-sale are at the risk and expense of the buyer immediately after weighing.
(c) All livestock other than cattle sold on a liveweight basis are at the risk and expense of the buyer upon the fall of the hammer.

18. (a) Subject to this clause the sale is complete on the fall of the hammer.
(b) The time for rejection is the time commencing at the fall of the hammer and the ending at the first of:
    (i) delivery is taken by a representative of the buyer;
    (ii) departure of the animal from the purchaser's delivery pen; or
    (iii) one hour after the last animal is:
    a. in the case of pre-sale weighing, sold; or
    b. in the case of post-sale weighing, weighed.
(c) During the time for rejection the buyer may reject any animal which is lame, blind or diseased where that condition existed prior to the fall of the hammer but could not be reasonably observed when the animal was in the selling pen.
(d) If the purchaser rejects an animal during the time for rejection then the sale of that animal is cancelled and the animal is returned to the vendor or sold on such terms as any buyer and the agent may agree, after the agent has disclosed the reason for rejection to that buyer.
(e) This sub-clause applies only to cattle which are sold in Queensland at auction for slaughter. The agent has responsibility for the prevention of loss or escape (but not death, sickness or injury) of those cattle from the time of the fall of the hammer, through delivery to and from the scales, to the buyer's delivery pen and on to the buyer's nominated transport. This responsibility ends at the earlier of those cattle boarding the buyer's nominated transport or sunset on the day after the sale. This sub-clause does not apply if the agent makes an announcement to that effect prior to sale.

19. (a) Subject to the right of rejection in Clause 18, all conditions and warranties expressed or implied by law are hereby excluded from the sale to the extent that the law allows. All lots are open for inspection prior to the commencement of the sale and are sold with all faults, if any. No compensation shall be given for any faults, imperfections, errors of description, number in or of any lots sold or otherwise.
(b) Any claim or objection arising out of an error or misdescription in the provision of relevant information in terms of legislation or regulation concerning the National Livestock Identification Scheme (NLIS) must be made by 5.00pm on the the seventh day after the fall of the hammer. No objection, requisition or claim against the vendor or agent in respect of such error or misdescription can be made after that time.

(c) Any statements made by the vendor or the auctioneer whether in writing or orally to the effect that any female has been pregnancy tested or scanned positive shall mean and require only that a certificate in writing shall be supplied to the buyer signed by a qualified veterinary surgeon or certified scanner certifying that the said female has been tested or scanned on the date specified in the certificate and that in the opinion of the surgeon or scanner was pregnant on that date.(d) For slaughter cattle, the agent undertakes to make every reasonable effort to ensure that any NLIS cattle device number is transferred from the saleyard PIC to the purchaser's PIC on the NLIS database no later than midnight on the day of sale.
(e) For other slaughter livestock the agent undertakes to make every reasonable effort to ensure that the NLIS information is transferred from the saleyard PIC to the purchaser's PIC on the NLIS database no later than midnight on the day of sale.
(f) Where livestock have a food safety or market eligibility status derived from the National Vendor Declaration (NVD) and/or the NLIS/ERP database, the agent will inform the buyers by presale catalogue and/or announce the status prior to the offering of those lots.

20. If delivery is made to, or possession obtained by, the buyer or its representative before full payment of the Price, then until full payment is received, the buyer:
(a) does not acquire title to the livestock;
(b) holds the livestock as bailee only for the vendor;
(c) must act in a fiduciary capacity in its relationship with the vendor;
(d) must store the stock separately or so that they are readily distinguishable from other livestock owned by the buyer;
(e) is responsible for the safety and well being of the livestock;
(f) may make a bona fide sale for market value of any or all of the livestock. As between the buyer and the subsequent buyer, the sale shall be made by the buyer in its own name and not as agent for the vendor, however as between the vendor and buyer, the sale shall be made as bailee and agent for the vendor; and
(g) must keep and account for the proceeds of any subsequent sale separately from its other money and hold those proceeds, together with the benefits of any rights against subsequent buyers, on trust for the vendor.

21. In addition to Clause 20, if payment is not made according to Clause 15, but delivery has been made to, or possession obtained by, the buyer or its representative:
(a) The vendor or its agent may repossess and resell the livestock and enter property owned or occupied by the buyer or its representative if necessary to do so; and
(b) Interest may be charged at the rate usually charged by the agent for overdue accounts on any amounts which remain owing at any time.

22. The buyer may not make any claim against the vendor for actions by the vendor or its agent under Clauses 20 or 21 and indemnifies the vendor and its agent against any loss, damage, costs, expenses, penalties, fines or claims suffered by the vendor, the agent or any person or entity arising from the vendor exercising its rights under Clauses 20 or 21.

23.1 Clause 23 applies whenever the agent pays the vendor before being paid by the buyer, which the agent is not bound to do. The agent is then the del credere agent of the vendor at law.

23.2. The vendor hereby gives notice to the buyer of the assignments referred to in Clause 23.3.

23.3. When this clause applies, in addition to any rights of the agent that arise by operation of the law, the parties agree that, subject to Clause 23.6 the agent is subrogated to all rights of the vendor under these terms and conditions against the buyer.

23.4. Title to the livestock does not pass to the agent or a nominee of the agent unless the agent, by written notice to the vendor, notifies the vendor that it is to be transferred to the agent or a nominee of the agent.

23.5. The vendor acknowledges that the agent may take enforcement, repossession or other action to recover any livestock for which the buyer has not paid in full, or the Price of such livestock, owing by the buyer under these terms and conditions:
(a) when this clause does not apply, as agent of the vendor (including by reselling the livestock); and
(b) when this clause applies, on the agent's own behalf exercising the rights of the vendor by subrogation or assignment under these terms and conditions (whether in the vendor's name or not) and, where title to the livestock has not passed to the agent, by selling the livestock as agent of the vendor without the agent having to account to the vendor for the proceeds of sale.

23.6. The agent may at any time, assign, transfer, securitise or otherwise dispose of all or any of its rights under these terms and conditions and any debts created pursuant to it (including, without limitation, the rights assigned to it under Clause 23.3).

23.7. The vendor hereby irrevocably appoints the agent as the vendor's attorney to:
(a) do at any time and in any manner as the agent thinks fit all acts necessary or desirable to perfect or improve the rights and interests afforded, or intended to be afforded, to the agent under these terms and conditions; and
(b) appoint one or more sub-attorneys to do anything that the agent may do as the vendor's attorney.

23.8. These terms and conditions do not render the agent liable to the buyer as vendor nor entitle the buyer to set off against the agent any right the buyer may have against the vendor or otherwise.

23.9. The buyer acknowledges that the provisions of this Clause 23 are intended solely for the benefit of the agent (and its assigns) and the vendor. The liabilities and obligations of the buyer will not be in any way affected:
(a) by this Clause 23, other than as it expressly provides; or
(b) by the failure of the agent or the vendor or either of them to comply with the terms of this Clause 23.

23.10. The buyer must pay all amounts payable to the vendor or the agent under these terms and conditions without any deduction, withholding, set off or counterclaim whatsoever, whether the benefit of a deduction, withholding, set off or counterclaim is alleged to exist in favour of the buyer as against the vendor or the agent in any capacity whatsoever or any other person including any assignor of the vendor's or the buyer's interests under these terms and conditions.

24. (a) The agent agrees that he is liable to pay to the vendor the Price, less such commission as is agreed between the vendor and the agent, and in the absence of any agreement such amount as is reasonable, and less the Fees that are payable by the vendor that were incurred by the agent on behalf of the vendor in relation to the sale of the livestock.

(b) In the event that the buyer pays the Price or part of it direct to the vendor then the agent has no liability to the vendor for the amount of such payment. Further, if the agent pays the vendor any amount which the buyer also pays direct to the vendor in respect of the same livestock, then the vendor must repay the agent that amount and the agent may debit that amount to an account held in the name of the vendor by the agent.

(c) Regardless of whether or not a sale has occurred the agent may, but is not under obligation so to do, instead of deducting payments owed to it by the vendor, debit the amount of the commission and fees to an account held in the name of the vendor by the agent.

25. (a) The auctioneer has been retained by the vendor as auctioneer for the purpose of selling the livestock comprised in the lots. The terms of engagement between the auctioneer and the vendor do not extend to the provision of advice by the auctioneer to the vendor in relation to the safety or otherwise of the sale ring, the saleyards and the surrounding environments.

(b) The vendor, the agent and the buyer agree to comply with their several duties under the Australian Animal Welfare Standards and Guidelines for the Land Transport of Livestock and further to consign, manage, receive, transport and handle livestock in accordance with any other or additional requirements of animal welfare legislation specific to the jurisdiction in which livestock are consigned, managed, received, transported and handled in the course of the auction process.

CHAPTER THREE — VENDOR WARRANTY FOR CORRECT PRESENTATION AND DECLARATION

26. This chapter applies only in the case of livestock and their companion animals sold at auction for slaughter when the buyer is the slaughterer and the livestock are transported direct from the sale yard to the meatworks at which they are slaughtered. This chapter does not apply if the buyer is a trader who subsequently resells the livestock to a slaughterer. A slaughterer is any person who pays the AMPC Processor levy.

27. The warranty of a vendor is that livestock and their companion animals offered for sale at auction:

(a) pass DAFF and other regulatory authority requirements and inspections at the time of slaughter; (DAFF refers to the Federal Government Department of Agriculture, Fisheries and Forestry)
(b) are of merchantable quality;
(c) carry an NLIS device in accordance with State law;
(d) in the case where a representation has been made in the pre-sale catalogue that the livestock have particular characteristics or are fit for a particular purpose or market, and such representations are based on information in the NVD, the livestock will have those characteristics or will be fit for the particular purpose or market; and
(e) all information in any NVD provided by the vendor is true, complete and correct in all material respects.

28. In the event of a breach by the vendor of the vendor's warranty and provided such breach is notified by the buyer to the agent by 5:00pm on the 7th day after the fall of the hammer then the buyer is not liable to pay the portion of the Price of such of the vendor's livestock to which the breach applies.

29. However if the breach by the vendor is such that the livestock are not rejected outright but are instead downgraded then the buyer will pay the value of the livestock at their next highest and best use.

30. In the case of a breach by the vendor of the vendor's warranty then the vendor will also be liable to the buyer for any further losses which the buyer might establish but the buyer will take all reasonable steps in co-operation with the agent and vendor to mitigate both the effect of the breach and the amount of any loss.

31. Where a sentinel animal of a lot tests positive for chemical residue, or foreign material contamination and provided such test is certified and notified as required by these vendor warranty terms, then:

(a) the buyer will be entitled to delay payment for the price of all livestock in that lot only; or
(b) the vendor has the option, at the vendor's cost, of collecting the companion animals, if allowed by law; or of having the livestock slaughtered in which event the risk of further condemnations will be that of the vendor. Where product integrity is potentially jeopardised, the Processor has the right to refuse slaughter and send the livestock back to the consigning property at the vendor's cost.

32. The auctioneer is liable to the buyer in respect of any breach of the vendor's warranty arising out of:

(a) any error, by the auctioneer, of transcription of information from the NVD completed by the vendor to the pre-sale catalogue or the buyers post-sale summary;
(b) any failure by the auctioneer to notify the buyer, prior to bidding, of any breach by the vendor of the warranty of the vendor if the buyer establishes that the agent knew of such breach prior to the sale; and
(c) any failure by the auctioneer to announce prior to bidding, or disclose in the pre-sale catalogue, that the vendor has failed to provide a NVD that is complete in all material aspects.

CHAPTER FOUR — OWNERS RISK FOR CONDITION OF CATTLE

33. This chapter applies only in the case of cattle and their companion animals sold at auction for slaughter when the buyer is the slaughterer and the cattle are transported direct from the sale yard to the meatworks at which they are slaughtered. This chapter does not apply if the buyer is a trader who subsequently resells cattle to a slaughterer. A slaughterer is any person who pays the AMPC Processor levy.

34. Owners risk reflects the producer's responsibility to provide slaughter cattle for sale that are fit for human consumption. Cattle are fit for human consumption if they are not condemned as unfit by DAFF. Owners risk applies if the condemnation is due to a condition in the animal which the buyer establishes, by the DAFF certificate, existed prior to the fall of the hammer.

35. A buyer with the benefit of owners risk protection is not liable to pay the Price of that animal to the vendor. The buyer remains nevertheless liable for all costs incurred after the fall of the hammer in transport, slaughter, testing and disposal of the animal.

36. Owners risk protection is available to the buyer of cattle to which this chapter applies if all of the following are satisfied:

(a) a certificate is issued by DAFF which states the relevant NLIS RFID tag number and PIC, the date of the certificate, the reason for condemnation and that the reason for condemnation existed prior to the fall of the hammer;
(b) the certificate is received by the selling agent either in its original form or by fax by 5:00pm on the 7th day after the fall of the hammer; and
(c) if the condemnation is due to chemical residue the certificate follows testing in a DAFF approved laboratory which establishes maximum residue limits in excess of the Australian limit.

37. Owners risk does not apply, and the buyer must pay for the cattle, if the reason for condemnation is any of the following:

(a) bruising,
(b) fever,
(c) partial condemnation, or
(d) emaciation.

Welcome

to the 2017 Epic Sale

Main Camp Evita at the 2016 Epic Sale

On behalf of Ray White Rural of Kempsey, a huge thank you to all Vendors for once again entrusting your stock to us for sale in the **2017 Ray White Epic Sale**.

When you take the time to read through the pedigrees of horses on offer, you all be in agreement that this truly is a wonderful catalogue of horseflesh for potential buyers to choose from. On offer are some of the leading genetics from both here in Australia, and also imported bloodlines from the United States.

There is a pleasing balance of both Australian Stock Horse and Quarter Horse genetics, as well as their respective crosses with the breeders and vendors aiming to produce that outstanding campdrafter or cutting horse with their breeding program.

The team at Ray White are committed to this sale in the future, with plans to enhance the sale and campdraft each and every year in all ways possible, to make it not only a memorable experience, but to make it enjoyable as well. We want vendors, buyers, competitors and spectators to remember each years sale and campdraft as an event they want to return to and mark on their calendar as an event not to be missed. An event that covers three to four days, that all the family can be involved in each year.

To ensure this, we intend to limit the number of sale entries each year to make sure each years event is;

1. **Manageable in size**
2. **Not too commercialised**
3. **Focused on the vendor/ buyer/ competitor**

We will have a number of qualified and experienced Ray White staff present to assist with the needs of both vendors and purchasers wherever possible.

Once again, **thank you** to all the committed vendors of the 2017 sale. We are both pleased and humbled at the support and trust you've all shown in us with the quality of horses you've offered for sale. We wish you and all potential purchasers every success in the future your stock.

Let's all work together to make the **Ray White Epic Sale and Campdraft** an event that we can all be proud of and an event to mark on the calendar each year.

Regards
Mark Haywood
Principal, Ray White Rural Kempsey

Port Macquarie 1 Riverview Drive

An absolutely unique opportunity to purchase river front acreage in the heart of Port Macquarie. This 42ha holding stretches from the Hastings River across to Big Bay.

The majority of the land is cleared, fenced into six paddocks, six dams, eight horse yards with shelters plus a large day yard, therefore ideally lends itself to a horse stud, hobby farm with a suggested carrying capacity of 60 beasts or the ultimate getaway with the facilities of the township nearby.

A stunning home flanked by 2 ancient Fig trees compliments the lifestyle offering spacious open plan living with Blue Gum flooring flowing seamlessly to a huge covered entertainer's balcony overlooking the sparkling self-cleaning pool surrounded by timber decking. From the superb kitchen and living, three walls of windows will immediately draw your eyes to the postcard views on offer. Detached studio for those that may wish to work from home, machinery shed and up to six car garaging under the home completes the package.

19 Gregory Street South West Rocks

19gregory.com.au

Proudly marketed by **Ray White Rural Kempsey**

Ray White

With a choice of uninterrupted views, each apartment embraces nature. Open plan living provides constant glimpses of the coastal environment. Majestic eucalypts. Beaches and sand dunes. A tidal estuary, in shades of turquoise and aquamarine. Distant mountains, hazy in the setting sun.

Coastal breezes are captured by natural cross ventilation, cooling the generous indoor and outdoor spaces. Thoughtful planning is evident in the use of operable screens, controlling light and air flow. A palette of naturally robust materials are practical for oceanside living, and integrate seamlessly.

Simple and elegant, the building celebrates well articulated spaces. Timeless architecture will age gracefully in a coastal environment, softened by private gardens and complementary landscaping.

Flanking the village centre, and gently nestled on a downhill slope, **19 Gregory** captures pristine views of National Parks, estuaries and golden sand beaches.

Situated at South West Rocks on the Mid North Coast of NSW, **19 Gregory** represents a unique opportunity to obtain a quality, architecturally-designed luxury apartment, within an unspoilt coastal village.

In the architect's own words;

We first visited the site on an autumn afternoon. Rainbow lorikeets darted between branches of the native gums, as we gazed downhill over the estuary and National Park, that rolled all the way to the mountains on the horizon. With the late sun on our faces, we realised the challenge would be to do the site justice. So, we let the site do the work.

The form of the 3 buildings is slender enough to allow views and light through, whilst the apartments themselves have very few shared walls, allowing them to open up in all directions, framing a variety of views, sometimes prosperous, sometimes intimate, depending on which direction you look.
