Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

Due to the unique characteristics of the subject property, there are limited directly comparable sales within a 2 km radius. The property is semi-attached to the adjoining dwelling, which can impact its appeal to developers and differentiates it from detached properties on comparable landholdings. Other recent sales within the area were considered; however, differences in land size and property configuration made them less suitable for direct comparison. As such, the two sales provided are considered the most relevant comparable sales available.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
