Reason there are fewer than three comparable properties

- ☒ I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

At the time of both listing and adjusting the price guide on 1275 Bacchus Marsh Road, Bullengarook due to the property's highly unique characteristics, which make identifying directly comparable recent sales unfeasible.

This large lifestyle estate comprises approximately 80 acres and features multiple fully self-contained dwellings - including a main residence, a second dwelling, a well-appointed sleepout and a detached studio, along with extensive agricultural and equine infrastructure such as fully fenced paddocks, stables, a shearing shed, machinery sheds, water tanks and dams.

The scale, land use and multi-dwelling configuration of this property remain atypical for residential or rural residential sales in the Bullengarook area. At the time of preparing the PPS, no properties with similar acreage, multiple dwellings, and specialised infrastructure had sold within the preceding 18 months or within a 5km radius.

Accordingly, no relevant comparable sales have been identified and therefore according to the Consumer Affairs Victoria guidelines, have not been included in the Property Price Statement.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
