Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

The subject property is a near four-year-old building whole building for sale with comprising approximately 22 bedrooms and 17 bathrooms, with a highly distinctive configuration and scale. Due to the property's unique accommodation and limited availability of similar properties in the immediate locality, there are insufficient directly comparable properties that have recently sold within the past six months and within a 2-kilometre radius.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
