Reason there are fewer than three comparable properties

- ☒ I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

The estate agent or agent's representative reasonably believes that fewer than three comparable properties were sold within two kilometres of the property for sale in the last six months.

A comprehensive search of vacant land sales within the statutory 2km radius between April and October yielded only one transaction: 19 Whipbird Drive, Carrum Downs (a 650sqm block). This property has been excluded from this statement as it is not of a 'similar standard and condition'.

The subject property at 110 McClelland Drive, Langwarrin, is a 4.14-acre parcel of vacant land that is not currently

build-ready. It is uniquely constrained by strict planning controls, specifically a Rural Conservation Zone Schedule 2 (RCZ2) and a Bushfire Management Overlay (BMO).

The only available sale within the required parameters (a 650sqm standard residential lot) represents a fundamentally different land size, zoning, and buyer demographic. Because there have been no sales of similarly sized, heavily restricted rural conservation land within the required 2km radius and 6-month timeframe, zero comparable properties can be legally provided

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
