Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

Limited comparable sales data available. To determine the estimated selling price, reliance was placed on the property's unique configuration and recent high-grade renovations. A scarcity of comparable properties in the immediate vicinity featuring two bedrooms, two bathrooms, and a secure car space at a similar price point required broader market extrapolation.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
