Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

The property at 35 Whelans Road, Parwan, comprises approximately 42 acres of land. Upon reviewing the available sales evidence over the past 18 months, only one other property has been identified as being comparable in terms of its location, land size and overall characteristics. This property is located at 3919 Geelong-Bacchus Marsh Road, Parwan.

There have been no other comparable properties sold within the surrounding area during this 18-month period that provide a reliable basis for comparison. As a result, the available sales evidence is limited, making it difficult to establish an accurate market value based solely on recent comparable transactions.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
