Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

After conducting a comprehensive assessment of all recent local sales data, it was determined that fewer than three properties exhibit the requisite similarity in architectural standard and condition to serve as accurate comparables within the mandated limits.
