## Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

There have been no directly comparable sales recorded within the past 12 months that accurately reflect the scale, zoning and development potential of this property. With an expansive 9,747m<sup>2</sup> landholding within the General Residential Zone, this site is significantly different from the standard residential properties typically sold within Bell Post Hill. Its size, quiet court location and potential for subdivision or redevelopment (STCA) make it particularly unique and appealing to developers, land bankers and investors. Large residential landholdings of this scale are uncommon within established suburbs, resulting in very limited like for like sales. As such, greater consideration needs to be given to the landholding, zoning, location and future potential.

## Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
