## Reason there are fewer than three comparable properties

☒ I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

A comprehensive analysis of sales data over the preceding six-month period within a two-kilometre radius identified a lack of directly comparable property transactions. Specifically, no recent sales met the core criteria of being a double-storey residence under 30 years of age situated on a 600–700m<sup>2</sup> land allotment within a 10% price tolerance. Due to the scarcity of sales sharing these specific physical and structural attributes within the statutory timeframe and geographic boundary, fewer than three comparable properties were available to report.

## Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
