Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

The estate agent or agent's representative reasonably believes that fewer than three comparable properties were sold within 5 kilometres of the property for sale in the preceding 18 months.

Specifically, Glenthompson experiences an extremely low volume of residential sales transactions due to its small township scale. Furthermore, there is a scarcity of sales for substantial four-bedroom dwellings set on large allotments (~1,280–1,300m²) equipped with extensive external infrastructure, including multiple garden sheds, dedicated workshop facilities, and auxiliary container storage. Standard smaller dwellings on compact blocks, unrenovated homes requiring major structural remediation, or vacant township land were excluded as they appeal to distinct buyer profiles and do not

reflect accurate market value. Due to the tight-knit nature of the local market and the specific physical improvements of this holding, no directly comparable sales exist within the statutory timeframe and geographic radius.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
