Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

There have been no directly comparable sales recorded within the past 18 months that accurately reflect the size, layout and extensive features of this property. The home offers a unique combination of multiple living zones, a versatile pool room with built in bar, potential fifth bedroom, study, two outdoor entertaining areas and substantial vehicle accommodation with a three car garage and additional two car carport. The inclusion of solar panels, evaporative cooling, extensive storage and low maintenance landscaping further adds to its individual appeal. These features and the overall scale of the residence make it difficult to identify a true like for like sale, requiring greater consideration of its individual attributes and location.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
