Comparable property sales

These are the three most comparable properties to the property for sale that were sold **within two kilometres** of the property for sale **in the last six months**.

If there were fewer than three, but one or two, comparable properties, these must be included below.

These properties were used to help determine the estimated selling price.

Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

Due to the limited availability of recent comparable sales, fewer than three directly comparable properties were identified. 43 Heatherdale Road, Ringwood, is a nearby landholding; however, it is not considered a directly comparable property. The property has a smaller land area and is situated in closer proximity to the power station and railway infrastructure. It is also located further from Eastland Shopping Centre.

In comparison, the subject property benefits from a larger land area and superior proximity to the Ringwood town centre, including shops, train station and other key amenities. These attributes provide the subject property with greater potential for future redevelopment and a broader range of development opportunities than 43 Heatherdale Road.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
