Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

Under our price guide the homes that have sold in the last 6 months within 2kms, there are inferior properties with smaller blocks, older homes, and/or no bay views. Above our price guide, the homes that have sold in the last 6 months within 2 km are newer builds, require no renovations, and/or closer to Mount Eliza Village
