Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

Fewer than three comparable sales have been selected for 36 Himalayas Street, Truganina VIC 3029, due to the limited availability of recent sales that closely match the subject property in terms of land size, dwelling characteristics, age, condition and overall utility.

31 Conondale Avenue, Truganina, has been considered as a relevant comparable despite the dwelling not being brand new, primarily due to its similar land size and location. In addition, 11 Hanish Street, Truganina VIC 3029, has also been considered as supporting market evidence.

However, suitable recent sales of properties closely comparable to 36 Himalayas Street could not be identified.

Accordingly, the available comparables have been selected based on their relative relevance, rather than including less comparable properties simply to meet a minimum number of sales.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
