Reason there are fewer than three comparable properties

- ☒ I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

We have provided two comparable properties rather than a third due to the specific characteristics of our property. Since our land size is significantly smaller and the property is currently in a run-down condition, including a third comparable that is renovated, presents better, or sits on larger land would not provide an accurate or meaningful comparison.
