Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

This property is difficult to directly compare with recent sales due to its individual custom built design, substantial proportions and high level of inclusions. Unlike many standard homes in the area, it offers a unique combination of a large, thoughtfully designed floor plan, multiple living zones, high raked ceilings, hydronic heating, quality finishes, a butler's pantry, expansive entertaining areas and a premium master suite with two walk in robes. The overall specification and layout are not commonly replicated in surrounding properties, meaning there are limited sales that provide a true like for like comparison. As a result, greater consideration needs to be given to the property's individual features, quality and overall presentation.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
