Comparable property sales

These are the three most comparable properties to the property for sale that were sold **within two kilometres** of the property for sale **in the last six months**.

If there were fewer than three, but one or two, comparable properties, these must be included below.

These properties were used to help determine the estimated selling price.

[Insert N/A in blank sections]

Reason there are fewer than three comparable properties

- ☒ I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

The agent has undertaken research of recent sales in the surrounding area and, while a number of properties have sold within the broader locality, no sales were identified within the prescribed 2km radius and preceding six-month period that were considered sufficiently comparable to 20 Karula Circuit for the purposes of this Property Price Statement.

The agent did identify Lot 226 Fernlea, Clyde, being 512m², which is similar in land size to 20 Karula Circuit and achieved a sale price of \$531,500. However, Lot 226 Fernlea was untitled land within a new development and falls outside the prescribed 2km radius. Accordingly, it could not be relied upon as a comparable sale for this Statement of Information.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
