Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

In preparing the Property Price Statement for the above-mentioned property, I was unable to identify three comparable properties that met the relevant criteria within the required timeframe. The subject property is a newly renovated four-bedroom house situated on a main road, comprising a land size of approximately 380sqm. There are no recent sales of four-bedroom properties within the immediate area that are sufficiently similar in terms of land size, level of renovation and location to provide a meaningful comparison.

The subject property's position on a main road, combined with its 380sqm land size and newly renovated condition, makes direct comparison to other four-bedroom properties of different land sizes or condition less meaningful. As a result, the Property Price Statement includes 0 recent comparable sales.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
