Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

The comparable sales available during this period predominantly comprise either 3-bedroom units on shared allotments, townhouses, or homes on full allotments of 600m² or more – none of which are considered sufficiently similar to a renovated home on an individual 400m² allotment. The two comparables selected represent the closest available parallels, both being corner allotments with their own street frontage, driveway and renovated presentation.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
