Reason there are fewer than three comparable properties

- ☒ I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

We have provided two comparables, but were unable to find a suitable third. The other properties currently on the market are in different suburbs, feature an additional bedroom, are older, are single or double-storey, or are street-facing - all of which contribute to a higher market value.
