Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

The land has been subdivided but the house is still the original house on the block.

The property represents an uncommon configuration within the immediate market, offering six bedrooms and four bathrooms on approximately 367m² of land. This combination of substantial accommodation and relatively compact landholding significantly limits the availability of like-for-like sales evidence.
