Reason there are fewer than three comparable properties

- ☒ I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

We came up with the price base on a few recent sales which although is not comparable but give an indication of where our property sit in the market.
Number 4/10-12 Woorayl St, Carnegie which is in the same complex as our property a 1 bed 1 bath 1 car was sold 20 may 2026 for \$395,000. This property was actually on the ground floor and also has a second floor. The first floor had the bed room and bathroom/laundry and the second floor floor had the living/dining and kitchen area. So this property was much bigger overall in term of living space. Also our property is on the very top level which is 2 stories high with no elevator access.
