Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

Comparable Sales and Pricing Note:

142 The Esplanade, Caroline Springs is a unique vacant landholding in a tightly held lakefront position. Following a review of available sales evidence, no recent transactions have been identified that are directly comparable in terms of location, land size, uninterrupted lake frontage, development potential and overall property attributes. Accordingly, the price assessment has been prepared using the most relevant broader market evidence available, together with current buyer demand, the property's individual characteristics and the selling agent's professional market judgement.

Any sales referenced should be considered indicative only and not directly comparable to the subject property. Prospective purchasers are encouraged to conduct their own enquiries and obtain independent advice.
