Reason there are fewer than three comparable properties

- ☐ I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

A search was undertaken for comparable sales for 4 First Ave Hoppers Crossing within the required 6 month period and 2km radius. In assessing potential comparables, consideration was given to the number of bedrooms and bathrooms, property type, condition, construction and cladding, overall build quality, location, accommodation and general standard of the property.

At this stage, I have been unable to identify three sales within the 6 month period that I consider sufficiently comparable to the subject property. The available sales either differ materially in configuration, condition, construction, quality or overall property characteristics and, in my view, would not provide a fair or meaningful comparison.

Further comparable sales will be added as soon as suitable transactions become available. At present, there are insufficient recent sales that adequately reflect the build, quality and overall characteristics of 4 First Avenue, Hoppers crossing
