Comparable property sales

These are the three most comparable properties to the property for sale that were sold **within five kilometres** of the property for sale **in the last 18 months**.

If there were fewer than three, but one or two, comparable properties, these must be included below.

These properties were used to help determine the estimated selling price.

[Insert N/A in blank sections]

Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

The agent reasonably believes that fewer than three comparable properties were sold within five kilometres of the property for sale in the last 18 months. [Town] is a small regional market with limited sales activity, and no sale in this period is sufficiently comparable to the subject property.

Some homes of a similar style and size have sold, but they are on land holdings significantly larger or smaller than the subject property's 1,011 m². Land size has a significant effect on value in this market, so these sales are not considered comparable.

Other sales offer similar key features and a similar land size. However, those homes are of brick construction, while the subject property is vinyl clad, or they have been renovated, while the subject property remains in original condition.

These differences in building material and dwelling condition materially affect value and buyer appeal.

Because no property sold in this period matches the subject property on land size, construction, condition and key features together, the indicative selling price has been assessed with regard to these factors, together with broader sales evidence and current buyer demand in the surrounding region.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
