Reason there are fewer than three comparable properties

- ☒ I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

The price guide of \$660,000 to \$725,000 for 3/5 Hibiscus Court, Doveton is justified by its unique architectural footprint and favorable titling structure, with a lack of directly comparable 3-bedroom, 3-bathroom sales in the local market. Standard 3-bedroom townhouses in Doveton typically feature only one or two bathrooms, whereas this property offers triple self-contained ensuites to every bedroom—providing superior living flexibility, multi-generational appeal, and higher rental yield potential that commands a premium above standard market benchmarks. Furthermore, as the property incurs no active Body Corporate fees, buyers benefit from significantly reduced ongoing holding costs compared to traditional strata-titled developments. Adjusting baseline 3-bedroom comps upward to reflect the added value of the third ensuite and the absence of annual strata overheads directly supports the established \$660,000 – \$725,000 range.

Sale outcome
