Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

In preparing the Statement of Information for the above-mentioned property, I was unable to identify three comparable properties that met the relevant criteria within the required timeframe. There are no recent sales that provide a meaningful direct comparison to the subject property due to its unique configuration. Our property forms part of a three-storey development, resulting in a substantially different layout, design and configuration compared with the available comparable properties. As a result, the available sales do not provide a sufficiently meaningful comparison to accurately reflect the subject property's current market value. As a result, the Statement of Information includes 0 recent comparable sale(s) that were considered the most relevant available comparisons based on the available sales data and the unique characteristics of the subject property. This approach complies with the intention of providing a fair and accurate market context based on the most relevant available data while taking into consideration the unique three-storey configuration and design of the subject property.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
