Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

No comparable sales have been selected for 28 Jagged Circuit, Tarneit, as there are no recent transactions considered sufficiently comparable to the subject property, particularly in terms of its five-bedroom, two-bathroom configuration and double garage. The available sales evidence does not provide sufficiently similar properties in terms of location, land area, dwelling characteristics, improvements and overall utility. Accordingly, no sales have been relied upon as directly comparable evidence.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
