Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties were sold

There are no more than 1 sales situated in an estate like setting, on this allotment of land within 2 km having sold in the last 6 months. There is however a sale from November last year that I would like to include, however due to how long ago that sales occur, it does not fit the criteria.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.

Sale price	\$656,500
