Reason there are fewer than three comparable properties

- ☒ I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

Due to the combination of being a stand alone residence with no strata, located above a shop on a main road, direct identical comparable sales are unavailable in the immediate 2 km radius. We have taken consideration to the value of a 2 bedroom, solid brick apartment as guidance, however considering the advantage of no body corporate fees against the main road exposure, the indicative price range is reflective of market value.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
