Reason there are fewer than three comparable properties

- ☒ I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

Due to the property's current condition, there are no other comparable sales within a 2km radius over the last 6 months. A relevant benchmark is 343 East Boundary Road, Bentleigh East - \$1,230,000, located approximately 2.5km away. It offers a comparable land size and physical condition. Given that both properties effectively represent knockdown/rebuild scenarios, this sale serves as a realistic indicator of underlying land value in the immediate market.
