Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

Fewer than three comparable sales were selected due to the limited availability of recent comparable property sales in the area. The subject property presents an exceptional level of accommodation, scale and amenity, featuring expansive living and entertaining zones, four bedrooms, a theatre room, multiple bathrooms, dual garages, extensive storage and a fully equipped pool house with a solar-heated pool and oversized spa. Its premium finishes, resort-style outdoor entertaining, established privacy and elevated Dandenong Ranges views further distinguish it from typical properties in the area. The substantial split-level floorplan provides excellent separation between living, entertaining and accommodation zones, making it particularly appealing to large or multi-generational families seeking a high-end lifestyle property. Its highly sought-after Glen Waverley position, close to leading schools, The Glen Shopping Centre, Jells Park and major recreational facilities, further enhances its overall appeal and market positioning.

Sale outcome
