Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

The three properties listed above are the most comparable 2-bedroom, 2-bathroom, 1-garage properties sold within a 2km radius over the past 6 months.

However, the last two properties do not feature a reverse-living layout. Because a reverse-living layout is generally considered less favourable, those two sales cannot be deemed directly comparable. Instead, their higher sale price are more reflective of their standard traditional living layouts, which we simply used as a reference point to help determine the estimated selling price for this property.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
