Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

Fewer than 3 comparable properties were identified within 2 km sold in the past 6 months.

Standard, condition and build status: The majority of sales within the prescribed area were newer-construction dwellings. This property is an original red brick home, and differs from those sales in age, external construction materials and build status. These dwellings were therefore not considered comparable.

Location: A large portion of sales within the 2 km radius are located in Glenroy, which differs from this property's location in school zones and proximity to shops.

The 2 comparable properties listed share the property's age, construction type and location characteristics.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
