Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

Only two comparable sales have been selected due to the property's unique combination of a two-bedroom configuration and a substantial 698sqm allotment. There are limited recent sales that closely reflect both the accommodation and land size, making it difficult to identify a third comparable that provides a meaningful and accurate indication of market value. The two selected properties are considered the most relevant indicators for the assessment.

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
