

Investor Information

At Ray White Drummoyne, we understand your primary aim in property investment is to create wealth. We also know how important it is to be able to trust that your managing agent is protecting your best interests, so we take a holistic view of property management that extends far beyond the usual collection of rent and handling of repair requests.

Throughout our partnership with you, we'll advise you on how best to maximise the return on your investment and help you understand the investment strategies that are available to you. We'll also keep you regularly informed of changes to the property market, as well as highlighting other investment opportunities you may be interested in.

Day-to-day, we're continually investing in the very best people, technology, processes and procedures to enhance our communication with you and enable us to manage your property as effectively as possible.

Safe in the knowledge your investment is in good hands, you will be confident, informed and protected.

We genuinely care. It's just part of what makes Ray White Drummoyne different.
