HOW DOES IT WORK?

- New tenants are found for your property quicker.
- Genuine 24/7 system. 38% of tenants book inspections after normal business hours.
- Our system allows numerous inspection times to be nominated, meaning more prospective tenants can arrange to see your property.
- Inspection times and dates for your property are listed on the internet through our custom-designed software, Register Online.
- Prospective tenants click on an "inspection" link and find the time and date that suits them best.
- When an inspection is booked, the tenant receives an instant confirmation.
- Tenants also get reminders, via SMS and/or email, about their upcoming inspection one day and one hour in advance.
- Our software is also accessible from smartphones (such as iPhones) & tablet computers (such as iPads) – so appointments can be arranged anytime, anywhere.

SEE RESULTS IN ADVANCE!

- Our custom-built database allows us to look ahead and see how many people have registered to inspect your property.
- This information allows us to tailor strategies to ensure your property is rented as quickly as possible.
- We have access to accurate, real-time data about the amount of interest in your property
- While our competitors wait and hope, we are making it easy for prospective tenants to inspect your property!
