

## The Parbury • 1 Pottinger Street

Certainly one of favourite developments in the city The Parbury was completed in the early part of 2003 as part of the collaboration of Mirvac and Transfield redevelopment of the Walsh Bay Precinct.

Located in a charming area of Sydney and perhaps one of the city's best kept secrets The Parbury is a small boutique 10 storey prestige residential building designed to complement the history of the local area. Each apartment benefits from contemporary finishes combining stainless steel appliances, wool carpets, floor to ceiling windows, open plan living and natural stone finished. Many apartments benefit from picture perfect vistas over the harbour and on to the Harbour Bridge.
