

Towns Place • 5 Towns Place

Situated in Millers Point Towns Place is located in the north-west part of Sydney CBD and adjacent to the forthcoming Headland Park. The park is the centre piece of Barangaroo re-development of East Darling Harbour that will transform this area forever. Like most areas of Walsh Bay I believe that the future is bright and represents the best value in the city.

Towns Place was completed in 2005 and is part of the Collaboration between Mirvac and Transfield in re-developing Walsh Bay. The apartment's interiors have been created to offer the ultimate in cosmopolitan living, with open plan living suited for the modern lifestyle and finished with high quality fixtures and fittings.

The development comprises of single level and double storey terrace style residences. Plus the apartments enjoy views that stretch from the Walsh Bay shore, over the harbour taking in harbour Bridge views all the way over to the North Shore.
