

Windsor on Kent • 365 - 375 Kent Street

The original buildings at 365 - 375 Kent Street were gutted and redeveloped in the late 1990's with Windsor on Kent being completed in May 2000. The development retained the historical facades of the original buildings being Anzac House, McNally House and Seabridge House.

Windsor on Kent is a modern serviced residential building.

The building truly offers resort style facilities including on-site management with after office hours security guard coverage.
