

The York • 5 York Street

Apartments in the York are suitable as a serviced apartment for investors or a permanent residence for those who want to live in the heart of the city.

Positioned at the gateway of Sydney City at the site of the former Red Cross Blood Bank, once Petty's Hotel which was demolished in 1976, The York was completed in the early part of 1982. With the entrance and foyer undergoing refurbishment in 1995 and exterior renovations carried out in 2013.

Offering the ultimate location for city living with the business district, iconic tourist attractions, restaurants, transport and the Sydney airport train link all within walking distances.
