

MARKET REPORT

Another quality yarding of 240 head penned for sale at Ray White Rural Kempsey's fortnightly prime cattle sale held on Tuesday June 13. The yarding consisted of mainly better quality weaners as well as a good run of store cows. Weaners met with strong competition and sold to fully firm to slightly dearer rates for the better quality types. Heavy export as well as store cows saw increased competition with increases in values of 4 to 15 cents for the restocker cows.
