

RAY WHITE  
RURAL KEMPSEY'S

**RayWhite**

**2018 INAUGURAL  
WORKING DOG AUCTION**

RayWhite.

The annual Epic Horse Sale and Campdraft organizers are always thinking of the vendors, buyers and general public to make them recount thoughts of this event with a smile on their face. This year a Select Working Dog Sale has been added to the program and is already gaining momentum from possible purchasers. These canine companions are a valuable resource to the cattlemen and save valuable time as well as countless dollars in wages.

To entertain the general public, a novelty event has also been added to the program. A Staff bareback cut-out will be held to raise money for the worthy charity, "Aussie Helpers". This Organization gives assistance to families on the land who are struggling for one reason or another, be it drought, flood or other hardships that may come their way through no fault of their own. Wouldn't life be easy if no body ever needed such assistance? But the face of is such that somebody is always in need.

A team of five riders from the Ray White Rural Kempsey team will put their skills against a team of Ray White Staff from surrounding offices. Held over two rounds, Friday and Saturday evening, riders will draw their mounts from a hat just to make things a little interesting. A Calcutta will be held on Saturday evening to sell off riders and teams to raise valuable funds for this worthy organization.

Well the scene is now set. Almost ... lets add a "wild-card" rider from the general public to keep things interesting.

The teams will be led by Kimberley Latham of the Kempsey Office (After all, This was her idea) and the outside Ray White Team will be captained by none other that Mr Bruce Birch.

Lets all get behind this idea and make it a huge success to keep everyone entertained. Its sure to be a laugh, that's a guarantee.

THANK YOU AUSSIE HELPERS
