Google Nest Hub Max

The Google Nest Hub Max lets you manage your connected smart devices, make voice calls with Google Duo, and get daily tasks done, hands-free. Easy to use, it has a simple screen interface that lets you see updates, menus, and other useful information at a glance.

Framed in a Whole New Light

Built to adapt to your busy and family-oriented lifestyle, the Google Nest Hub Max has an Auto Framing feature which lets you make video calls to your loved ones and remain in sight even while you're multitasking.

Your Home at a Glance

Forget about tabbing in and out of apps – Google Nest features Home View which lets you manage your connected home devices, such as smart lights, thermostats, and media players in one comprehensive and easy-to-use interface.

Make It Easier

Google Nest Hub Max helps your busy family stay in touch and on track. And with Google Assistant, you don't have to lift a finger. Just use your voice.

Check in While you're Out

Thanks to its built-in Nest Cam (night vision not supported), the Google Hub Max lets you view a live footage of what's happening at home even when you're not around. In addition, the Nest Cam can send sound and motion alerts directly to your paired smartphone.

Note: Google Nest Hub Max requires a Wi-Fi network, a nearby electrical socket and a compatible (Android, iOS) mobile device. Minimum OS requirements are available at g.co/hub/req. iOS is a trademark of Cisco and is used under license. Google Duo account required to make video calls and leave video messages. Night Vision not supported. Personalized results, for up to six users, require additional enrollment and setup. YouTube TV and music services require a subscription. Images are for illustrative purposes only.
