

Dalby Cattle Sale Market Report

Wednesday 06 December 2023

Ray White Rural Sale Results

Cattle numbers at Dalby more than doubled the previous week's level to 7,653 head. Stock were drawn from a wide area with 95 head from Victoria, 619 from New South Wales, plus 326 from far Western Queensland. Buyer attendance was not as good as the previous week with a couple of regulars absent from the buying panel; however, there was a good lineup of restock buyers. The larger numbers allowed average prices to vary in places. Yearling steers to feed averaged 3c to 8c/kg less. Yearling heifers could not maintain the improved levels of the previous week. Bullocks to export processors averaged 6c/kg cheaper. Cows remained close to firm with only small variations in places. Light weight yearling steers returning to the paddock made 404c to average 359c/kg. Yearling steers to feed for the domestic market averaged from 337c to 350c with sales making to 374c and restockers made to 380c/kg. Heavy weight yearling steers to feed made to an isolated 341c to average 315c/kg. Light weight yearling heifers to restockers made to 318c with most from 275c/kg to 286c/kg. Medium weight yearling heifers to feed averaged from 271c to 274c and sold 302c/kg. Heavy weight yearling heifers to feed made to 290c to average 262c and processor lines in the mid to high 270c/kg range. Bullocks made 290c to average 284c/kg. Medium weight 2 score cows averaged 171c and made to 180c/kg. Heavy weight 3 score cows averaged 195c and the best of the cows made 230c/kg to average 219c/kg. Heavy weight bulls made 269c/kg.
