

Dalby Cattle Sale Market Report

Wednesday 2nd October 2024

Cattle numbers reduced by 425 head to 5,766 at Dalby. The quality of the young cattle was very mixed and this was reflected in the wide variation in prices. Export buyer attendance was good and all were operating however not all the regular feed and trade buyers were present. The very best of the light weight yearling steers returning to the paddock experienced strong support however a small reduction in quality resulted in a large fall in price. Yearling steers to feed averaged 15c/kg less. Top end quality light weight yearling heifers to restockers received strong demand however poor quality lines were discounted. Yearling heifers to feed averaged 13c to 23c/kg less. Heavy grown steers and bullocks to export processors sold to within a few cents of the previous week. All classes of cows sold to a cheaper trend of 7c to 12c/kg. Light weight yearling steers to restockers made to a top of 442c with the largest numbers at 374c/kg.
