

# Dalby Cattle Sale Market Report

**Wednesday 4th June 2025**

There was a small reduction in supply, down 158 head to 4,747 at Dalby. Overall quality across several classes was not up to the standard of the previous week. Export buyer attendance was not as strong as at the last sale; however, the southern exporter returned and was active in the market. A solid panel of feed and trade buyers, along with restockers, was in attendance and operating. Light weight yearling steers returning to the paddock were firm to 11c/kg dearer. Yearling steers to feed for the domestic market were up to 7c/kg dearer in places, while heavy weight yearling steers to feed met firm demand. Light weight yearling heifers to restockers improved in price by 9c to 12c/kg, and yearling heifers to feed were firm to 6c/kg dearer. Cows could not maintain the levels of the previous sale, easing by 4c to 10c/kg, with some of the reduction quality-related. Light weight yearling steers to restockers sold to 477c/kg, averaging from 429c to 435c/kg. Medium weight yearling steers to feed made to 444c and averaged from 400c to 428c/kg.
