

Dalby Cattle Sale Market Report

Wednesday 11th June 2025

The frosty conditions across a large portion of the supply area contributed to an increase in cattle numbers at Dalby, up by 645 head to a total of 5,392. Export buyer attendance was strong, including several southern exporters in the lineup. Regular feedlot, trade, and restocker buyers were also present and active in the market. Lightweight yearling steers returning to the paddock met solid demand, supported by the quality of the yarding. Medium and heavyweight yearling steers to feed experienced a modest improvement in prices. Lightweight yearling heifers sold to restockers showed mixed results depending on quality, with well-bred lines receiving strong support. Medium weight yearling heifers to feed sold to a slightly dearer trend in places. Heavy grown steers and bullocks averaged 20 to 30 cents per kilogram better, bolstered by strong demand from both southern operators and local butchers. Cow prices remained close to the levels of the previous week. Lightweight yearling steers returning to the paddock reached a top of 473c/kg, with a large sample averaging between 415c and 424c/kg. Yearling steers to feed for the domestic market sold to a high of 444c/kg, with most sales ranging from 402c to 410c/kg. Heavyweight yearling steers to feed averaged 384c/kg, with sales reaching up to 436c/kg. Lightweight yearling heifers to restockers averaged between 314c and 323c/kg, topping at 380c/kg. Medium weight yearling heifers to feed made up to 372c/kg, averaging between 335c and 345c/kg, while heavyweight yearling heifers to feed sold to a top of 370c/kg and averaged 329c/kg. Heavy grown steers to export processors averaged 386c/kg, with some to the local meat trade reaching 399c/kg. Bullocks made to 385c/kg, averaging 364c/kg. Medium 2 score cows averaged 251c/kg, with sales reaching 258c/kg. Heavyweight 3 score cows averaged 272c/kg, and the best of the heavyweight cows made up to 313c/kg to average 287c/kg. Heavyweight bulls sold to a top of 320c/kg.
