

HOW TO APPLY FOR A PROPERTY

Applying for a property with our team is simple and straightforward. Follow the steps outlined below to submit your application, attend an inspection, and move through the approval process.

■ Submit an Enquiry

To receive an application link, request more information, or register for an inspection, please submit an enquiry through the listing.

Once we receive your enquiry, we will send you the application link along with details of all upcoming inspection times, and keep you updated with any changes.

■ Submit Your Application

Once you have attended an open inspection, our team will begin processing your application.

All applications will then be forwarded to the landlord for review. You will be kept informed throughout the process as your application progresses through different status updates in our system.
